Dedicated to Khaled al Asaad, Syrian archaeologist, “example of a hero of our times”, brutally murdered by ISIS in the extreme attempt to defend Palmyra from the iconoclastic fury.

Dédicacé à Khaled al Asaad, archéologue syrien, "exemple d’un héros de notre temps", brutalement assassiné par ISIS dans la tentative extrême pour défendre Palmyre de la fureur iconoclaste.
The real chance to guarantee the future of mankind is based, among other things, on the ability of modern society to ensure a “future for the past”, whose subsistence suggests that of a heritage totality, belonging to citizens of all the world: the totality of cultural heritage, of which architectural monuments and environment of ancient centers are an essential part.

La reale possibilità di assicurare l’avvenire del genere umano si basa, tra l’altro, sulla capacità della moderna società di garantire un “futuro per il passato”, la sussistenza del quale implica quella di un enorme patrimonio, appartenente agli uomini civili di tutto il mondo: quello dei beni culturali, di cui i monumenti di architettura e gli ambienti dei centri antichi sono parte essenziale.

Roberto Di Stefano, in Restauro quaderni di restauro dei monumenti e di urbanistica dei centri antichi - n. 1/1972, p. 3.
